

The Original Modular Flooring

Sport Décor - Architectural Specification

Sport Décor is an excellent product to be interlocked. Installation of the Sport Décor Tile is easy. The use of adhesives is greatly reduced and some cases completely eliminated. Sport Décor is manufactured using a virgin rubber top-layer vulcanized to a recycled rubber base ensures a very durable, non-porous floor finish providing ideal protection and safety.

Features

- No Adhesives
- Anti-slip textured finish provides a resilient, durable and easy to maintain surface.
- Specially formulated rubber resists damage by falling weights and under equipment.
